TheatreZone, Naples' only Professional Equity regional theatre company, announces that it will present the **World Premiere, prior to New York,** production of **MIRACLE IN RWANDA.**

What would you do if you met the man who was responsible for the slaughter of your family? If you were Immaculee Ilibagiza you would choose to forgive him. *Miracle in Rwanda* is a one woman play based on Immaculee Ilibagiza's true story of surviving the Rwanda genocide.

New York City actress Leslie Lewis Sword, who now lives in Naples FL, has developed a friendship with Immaculee and secured the rights to her story. TheatreZone Artistic Director Mark Danni is proud to announce that TheatreZone will present the world premiere of this powerful story at the G&L Theatre 13275 Livingston Rd. on February 9 & 10 at 8:00 and February 11 at 5:00pm, 2007.

Immaculee has been seen most recently on *60 Minutes* and Dr. Wayne Dwyer's PBS specials. Her book *Discovering God Amidst the Rwandan Holocaust* was a New York Times best seller. This show will be moving to New York following its run in Naples.

Tickets for Friday & Sunday's performances will be \$35.00. Saturday's performance will be a Gala Benefit and after the performance by Mrs. Sword Immaculee herself will come out and speak to the audience, then everyone will be invited to a reception with Leslie Lewis Sword and Immaculee.

Please call the TheatreZone box office at 239/451-0215 for tickets. "TheatreZone is thrilled to be the Regional theatre to present the premiere of this work before it moves to New York. South West Floridians should be proud that where ever this show goes the words 'first presented at TheatreZone, Naples, FL' will appear in print," says TheatreZone Artistic Director Mark Danni.
